

Contents

Part A: Introduction

Chapter 1. Background	8
1.1. Applicability	8
1.2. The Coastal Access Duty	8
1.3. Key terms	8
1.4. The Scheme	8
Chapter 2. Statutory framework	9
2.1. Overview	9
2.2. Natural England's coastal access reports	9
2.3. The land affected by coastal access rights	9
2.4. Managing coastal access rights	14
Chapter 3. The implementation process	17
3.1. Overview	17
3.2. Identifying coastal stretches	17
3.3. Developing partnerships	17
3.4. The implementation process on each stretch of coast	18
Stage 1: Prepare	19
Stage 2: Develop	20
Stage 3: Propose	21
Stage 4: Determine	22
Stage 5: Open	23
3.5. Ongoing management of the England Coast Path	23

Part B: Key principles of alignment and management

Chapter 4. Public interests	25
4.1. Overview	25
4.2. Safety on the trail	25
4.3. Convenience of the trail	26
4.4. Continuity of the trail	28
4.5. Proximity of the trail to the sea	29
4.6. Views of the sea from the trail	29
4.7. Use of existing walked lines along the coast	30
4.8. Use of our powers relating to the coastal margin	30
4.9. Protection of sensitive features	33
4.10. Responsiveness to coastal change	36
Chapter 5. Interests of owners and occupiers	41
5.1. Overview	41
5.2. Operational needs	41
5.3. Income	41
5.4. Privacy	42
5.5. Changes in the use of affected land	42
Chapter 6. Striking an appropriate balance	44
6.1. Overview	44
6.2. The need for intervention	44
6.3. The least restrictive option	46
6.4. Alignment solutions	47
6.5. Informal management techniques	49
6.6. Directions to restrict or exclude access – administrative tests	52
6.7. Directions to restrict or exclude access – use in practice	57

Chapter 7. Coastal land cover and landforms	61
7.1. Cliffs	62
7.2. Coastal valleys	66
7.3. Headlands	69
7.4. Settlements	69
7.5. Woodland and scrub	70
7.6. Heath	72
7.7. Grassland	74
7.8. Grazing marsh	77
7.9. Fresh water habitats	79
7.10. Dunes	83
7.11. Sandy beaches and sand spits	85
7.12. Shingle	89
7.13. Saline lagoons	91
7.14. Rocky shores	93
7.15. Salt marsh and flats	96
7.16. Islands	100
Chapter 8. Coastal land use issues	101
8.1. Bulls	102
8.2. Cattle	104
8.3. Horses and ponies	107
8.4. Sheep	108
8.5. Animals (where not covered elsewhere)	110
8.6. Animal diseases	113
8.7. Crops	115
8.8. Land subject to agri-environment schemes	116
8.9. Game bird management	117
8.10. Wild deer management	119
8.11. Shooting live quarry	121
8.12. Shooting at man-made targets	125
8.13. Work operations	126
8.14. Heather and grass burning	128
8.15. Pesticides	129
8.16. Special events	131
8.17. Visitor attractions	133
8.18. Private houses, hotels, holiday properties, parks and gardens	134
8.19. Camping and caravanning	137
8.20. Golf courses	139
8.21. Flood and coastal risk management	141
8.22. Military use	143
8.23. Unexploded ordnance	144
8.24. Mineral workings	146
8.25. Ports, industry and other maritime facilities	149
8.26. Contamination of land or water	151
8.27. Man-made features (where not covered elsewhere)	152
Chapter 9. Illustrated examples – open coast	155
Chapter 10. Additional considerations at estuaries	163
10.1. Overview	163
10.2. Alignment criteria for estuaries	164
10.3. Ferry services	164
10.4. Character of the estuary	165
10.5. Recreational benefit	166
10.6. Excepted land	166
Chapter 11. Illustrated examples – estuaries	167

Figures: maps, tables and boxed text

Chapter 2:

Figure 1	Excepted land	11
Figure 2	Map: Section of coast before coastal access rights are created	12
Figure 3	Map: Trail aligned on a cliff-top route	13
Figure 4	Map: Land seaward of the trail becomes coastal margin	13
Figure 5	Map: Land proposed as landward margin	13
Figure 6	Effect of coastal access regime on other access arrangements	16

Chapter 3:

Figure 7	Overview of the implementation process	19
Figure 8	The persons we must notify directly when we publish a coastal access report	21
Figure 9	Outline content of a coastal access report	22
Figure 10	Procedures for changes to local coastal access provision	24

Chapter 4:

Figure 11	Map: The trail is aligned on an eroding cliff	37
Figure 12	Map: 2 years later: The trail has rolled back following a landslip	38
Figure 13	Map: 5 years later: The trail is repositioned further inland using the roll back power	38
Figure 14	Map: Managed coastal realignment with trail location and proposed new route	40
Figure 15	Map: The trail in its new position after managed realignment	40

Chapter 6:

Figure 16	Assessment of patterns and levels of public access	46
Figure 17	Temporary and alternative routes	48
Figure 18	Common informal management techniques	50
Figure 19	Grounds for which a direction can be given	56
Figure 20	Fire prevention	59

Chapter 8:

Figure 21	The need for intervention in relation to animals kept on coastal land	111
Figure 22	Land used as a park or garden	135

Chapter 9:

Figure 23	Map: Features: unenclosed arable land, cliff erosion, settlements, caravan site	155
Figure 24	Map: Features: enclosed and unenclosed arable land, cliff erosion, ravine	156
Figure 25	Map: Features: cliff, enclosed pasture, coastal valley, coastal margin	157
Figure 26	Map: Features: cliff, private house, unenclosed fields, spreading room	158
Figure 27	Map: Features: cliff slope, landslip, woodland, shooting, coastal margin, circular walks	159
Figure 28	Map: Features: flood banks, mudflat and salt marsh, sensitive wildlife, optional alternative route	160
Figure 29	Map: Features: shingle beach, coastal margin, circular walks, sensitive wildlife	161
Figure 30	Map: Features: beach with dunes, spreading room, livestock	162

Chapter 11:

Figure 31	Map: Mersey estuary	168
Figure 32	Map: Esk estuary (Cumbria)	169
Figure 33	Map: Thames estuary	170
Figure 34	Map: Severn estuary	171
Figure 35	Map: Parrett estuary (Somerset)	172
Figure 36	Map: Camel estuary (North Cornwall)	173
Figure 37	Map: Yealm estuary (South Devon)	174
