WARNING

- **This licence authorises acts that would otherwise be offences under the Conservation of Habitats and Species Regulations 2017 (as amended) and Wildlife and Countryside Act 1981 (as amended). Any departure from the conditions relating to this licence may be an offence under that legislation;**
- **This licence conveys no authority for actions prohibited by any other legislation;**
- **This licence can be modified or revoked at any time by Natural England, but this will not be done unless there are good reasons for doing so. The licence is likely to be revoked immediately if it is discovered that false information had been provided which resulted in the issue of the licence.**

LICENCE CONDITIONS

1. These conditions apply to the licensee and any additional authorised person. The licensee and any additional authorised person(s) are responsible for ensuring that any licensed operations/ activities comply with all terms and conditions of the licence.
2. The licensee and any additional authorised person(s), shown on the licence, may act under the authority of this licence. The licensee or any additional authorised person(s) may also employ assistants provided they work under the direct personal supervision of the licensee or authorised person.

LICENCE CONDITIONS

3. Whilst engaged in activities permitted by this licence, the licensee and/or any additional authorised person(s), must have access to a copy of this licence and produce it to any police officer or any Natural England officer on demand.
4. The Licensee and any additional authorised person(s) shall permit an officer of Natural England, accompanied by such persons as he/she considers necessary for the purpose, on production of his/her identification on demand, reasonable access to the site for monitoring purposes and to be present during any operations carried out under the authority of this licence for the purpose of ascertaining whether the conditions of this licence are being, or have been, complied with. The Licensee shall give all reasonable assistance to an officer of Natural England and any persons accompanying him/her.
5. This licence does not convey any right of entry upon land, and the landowner's/occupier's prior permission must be obtained, as necessary, before the licence is used.
6. No licensed activity shall be carried out under this licence on a National Nature Reserve or Marine Nature Reserve except with the prior written permission of Natural England.
7. A person authorised by the licensee shall provide him/her with such information as is within his/her knowledge and is necessary for the Report, which the licensee is required to make to Natural England.
8. The 'Report by licensee of action taken under licence' must be completed, even if no licensed action is taken. It must be submitted on line or sent to the Natural England office at the address shown on this licence, to arrive no later than 14 days (two weeks) after the expiry of the licence. Failure to make a report may result in the licence being revoked and/or any future applications being refused.
9. This licence may be modified or revoked at any time by Natural England.

Additional condition(s):

AC01 - All activities should be carried out as described in the 'determine the locations and status of tree roosting bats on land affected by HS2 construction works at Colne Valley' project plan (dated 2019) updated and submitted on 4 September 2019.

AC02 - All trapping and ringing activities must be carried out in accordance with best practice described in Natural England guidance note "Guidance on the capture and marking of bats under the authority of a Natural England licence" WML-G39

AC03 - The licensee may use an acoustic lure but not within 50 metres of any known bat roosts and for no more than two consecutive nights at any one location.

AC04 - A maximum of one mist net may be used per trapping location where a combination of mist net and harp traps are utilised.

AC05 - The licensee must use appropriately sized rings for each species (as set out in the Eurobats Agreement) obtained from The Mammal Society or the Bat Conservation Trust.

AC06 - Any bats taken under this licence shall be liberated at the site of capture immediately after examination and/or ringing/marking.

Additional condition(s):

AC07 - A maximum of two (2) consecutive nights of catching by mist net or harp trap shall be carried out at any one location within the site.

AC08 - All trapping to be undertaken at temperatures above 8°C.

AC09 - Trapping activities must be timed to avoid the risk of capturing females which are heavily pregnant or carrying or feeding dependent young (normally from early-June until mid-July).

AC010 - Bats may be marked with radio transmitters, radio-tags and associated adhesive must weigh <5% of the weight of the bat.

AC011 - Female bats in the late stages of pregnancy must not be radio-tagged. Lactating females can only be radio-tagged if they reach target weight (radio-tags weighing <5% of the weight of the bat) and are in good condition.

AC012 - The licensee may attach radio tags and rings to maximum of 40 bats.

AC013 - There is no limit to the number of bats that can be disturbed and taken under this licence provided all conditions and notes are adhered to.

NOTES

1. Please read the details of your licence carefully to ensure that you comply with it paying particular attention to the number and species licensed as this may differ to what was requested in your application.
2. Under Regulation 60(1) of the Conservation of Habitats and Species Regulations 2017 (as amended), it is an offence to contravene or fail to comply with a licence condition. This includes all persons authorised to act under this licence.
3. An additional authorised person is a suitably trained and experienced person who is able to carry out work under a licence without the personal supervision of the licensee. To carry out licensed activities their name will be on the licence. To comply with the licence conditions, additional licenced persons should have a copy of the licence accessible when acting under the licence.
4. An assistant is a person assisting the licensee or the additional authorised person(s). Assistants are only authorised to act under a licence whilst they are under the direct supervision of either the licensee or the additional authorised person(s).
5. Natural England advises that where any individual is likely to come into contact with a bat in the operation of this licence, they should ensure that they wear suitable clothing and gloves and have been vaccinated against European Bat Lyssavirus (EBL).
6. Please note the information of the 'Report by licensee of action taken under licence' may have changed from previous years. The data required in your report and the required format can be viewed on the Natural England website. Alternatively you can request a copy from the Natural England address shown on your licence.

Additional note(s):

AN01 - Before exercising this licence the licensee should liaise with the appropriate local bat groups or licensees. The licensee should observe the guidelines set out in the Bat Workers Manual.

AN02 - All equipment used for the purposes of this licence shall be so constructed and maintained as to avoid cruelty and distress to the species named on this licence.

AN03 - The licensee may photograph the animals as an incidental part of licensed work provided that no additional disturbance is caused thereby.

AN04 - Natural England recommends that anyone handling bats wears gloves and is suitably vaccinated against rabies.

AN05 - Possession of a licence to disturb or capture bats indicates that the licensee has demonstrated an appropriate level of competence in these activities. The licence should not be used or taken to indicate competence in any other activity that may be associated with work on bats.
