#### Local Nature Partnerships (LNPs)

- LNPs are partnerships of a broad range of local organisations, businesses and people.
- LNPs work strategically to help their local area manage the natural environment.
- Setting up LNPs was one of the commitments we made in the <u>Natural Environment White Paper 2011</u>.

#### LNPs

- There are 48 LNPs across England
- They aim to make sure that the value of the environment, and the services it provides to the economy and the people who live there, are taken into account in local decisions.

- LEPs were established by the Government.
- There are 39 LEPs in England.
- The make-up, geography and priorities of each varies across the country.

#### Local Enterprise Partnerships (LEPs)

• LEPs are local business-led partnerships, seen by Government as the powerhouses to drive local economic growth and development.

 They aim to change the relationship between regulators and businesses locally, working with local authorities to coordinate the use of planning functions and align adopted local plans to enable growth.

#### Strategic Economic Plans
