

# LOCK LANE, ALTOFTS.

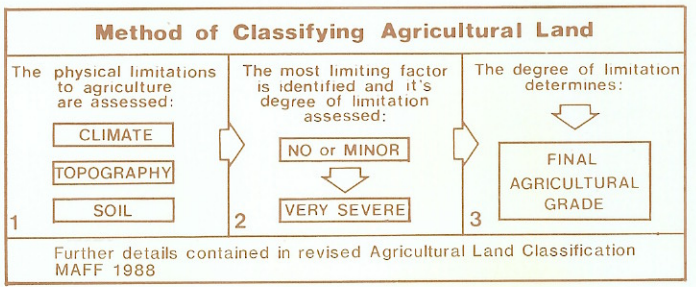

## Proposed Waste Disposal Site

### Agricultural Land Classification

| Agricultural Land   |  |                           |                            |
|---------------------|--|---------------------------|----------------------------|
| Agricultural Grades |  | Agricultural Land Quality | Area within the site (ha.) |
| Grade 1             |  | Excellent                 | Nil                        |
| Grade 2             |  | Very Good                 | Nil                        |
| Grade 3             |  | Good                      | Nil                        |
|                     |  | Moderate                  | 0.96                       |
| Grade 4             |  | Poor                      | Nil                        |
| Grade 5             |  | Very Poor                 | Nil                        |

| Land in Other Categories  |  |                            |
|---|--|----------------------------|
|   |  | Area within the site (ha.) |
| Urban<br><i>Including housing, industry, commerce, derelict land, sports facilities, transport.</i> |  | Nil                        |
| Non-agricultural<br><i>Including golf courses, parks, sports fields, allotments, airfields.</i>     |  | 0.95                       |
| Woodland<br><i>Farm woodland</i>  |  | Nil                        |
| <i>Commercial woodland</i>  |  | Nil                        |
| Agricultural buildings<br><i>Including glasshouses</i>  |  | Nil                        |
| Open water  |  | Nil                        |
| Land not surveyed   |  | Nil                        |

### Topsoil Resource Map

SCALE - 1:2,500

| Unit | Soil Texture | Soil Thickness(cm) <sup>*1</sup> |         |      | Area (ha) | Volume <sup>*2</sup> (000m <sup>3</sup> ) |
|------|--------------|----------------------------------|---------|------|-----------|---|
|      |              | Min.                             | Optimum | Max. |           |   |
| T1   | Heavy/Medium | 20                               | 25      | 27   | 0.96      | 2.40                                      |

<sup>\*1</sup> Lowest depth at which the unit comprises 90% topsoil, or more  
<sup>\*2</sup> Volume at optimum unit depth.

AREA CONTAINING BUILDERS RUBBLE (no soil resources available)
