

# HHL NIA 2016 onwards

## New Funding and projects:

- Wren BAF Reconnecting the Humberhead Levels; Life+ MoorSpace; RSPB/EA Walking Wetlands

## New Strategy taking us beyond 2020

## Project Pipeline:

- HLF Isle of Axholme Landscape Partnership; People and Populations – landscape scale monitoring; Facilitation Fund; CaBA

# Planning beyond 2020

## 1. Enabling vibrant communities and a thriving economy

1.1 Ensure better connections between people, heritage, wildlife and the economy

1.2 Develop business opportunities for sustainable land management

1.3 Develop opportunities for natural and cultural heritage tourism.

## 2. A biodiversity delivery step change

2.1 Restore the landscape through better, bigger and more joined-up, key sites and habitats

2.2. Restore peatland habitats and enhance carbon storage.

2.3 Deliver sustainable water management

## 3. Measuring and communicating success

3.1 Communicate the work of the Partnership

3.2 Develop robust research and evidence to support delivery and decision-making.

## 4. Ensuring quality governance and resourcing

4.1 Ensure good leadership and a culture of cooperation

4.2 Ensure fit-for-purpose partnership protocols and structure.

4.3 Develop adequate resources and capabilities

# GAPs, Constraints, the future

- Resources – conservation planning, partnership working, people engagement
- Understanding where NIAs do or do not fit
- Securing the back-room stuff
